

SNOOZE N' LOSE[®]
From The Amino Technology Company[™]

NIGHT TIME METABOLIC BOOSTER!

WHAT IS SNOOZE N' LOSE?

Snooze N' Lose night time formula is a unique blend of amino acids and herbs to promote reduction of body fat and increase of lean muscle mass naturally while you sleep.

HOW DOES SNOOZE N' LOSE WORK?

Snooze N' Lose is designed to work in two phases. The first phase is designed to create a state of relaxation and fit into your circadian rhythms to induce sleep. The second phase of **Snooze N' Lose** has a strong secretagogue action (growth hormone release and other related hormones) facilitating the release of stored fatty acids (lipolysis) into the blood stream and opens cell receptor sites for more efficient use of nutrients and hormones. These biochemical functions facilitate the reduction of body fat and increase of lean muscle mass through increased protein synthesis.

SNOOZE N' LOSE AND NO (NITRIC OXIDE)

Snooze N' Lose promotes the release of **NO** (Nitric Oxide), a strong neuro transmitter. **NO** (Nitric Oxide) is involved in the function and balance of the nervous system, cardiovascular system, pulmonary system, renal system, gastrointestinal and genitourinary systems, and endocrine system.

DIET AND EXERCISE

There are no magic pills! **Snooze N' Lose** will work optimally when combined with a balanced diet and exercise regimen, and will enhance your efforts to become fit.

BIOCHEMICAL HIGHLIGHTS

- **REDUCE BODY FAT**
- **INCREASE LEAN MUSCLE MASS**
- **GROWTH HORMONE RELEASE**
- **IMPROVED NO (NITRIC OXIDE) SYNTHESIS**
- **CONTROL OF PATHOGENIC ACTIVITY**
- **CREATINE PHOSPHATE SYNTHESIS**
- **IMMUNE SUPPORT**
- **AMMONIA DETOXIFICATION**
- **TRANSPORT STORAGE AND EXCRETION OF NITROGEN**

Two Snooze N'Lose tablets contain:

L-Arginine 420mg, L-Lysine 420mg, L-Ornithine 420mg, Glycine 150mg, GABA 100mg, L-Arginine Pyroglutamate 55mg, Taurine 50mg, Collagen (Hydrolyzed) 45mg, Valerian (root) 25mg, L-5-Hydroxytryptophan 15mg, Pyridoxine Alpha Keto Glutarate 12mg, Hops (flower) 12mg, Passion flower (aerial part) 12mg, Scollcap (leaf) 12mg
